RE: Construction Funding for the Pennsylvania-Potomac Avenues  
Intersection Improvements

Dear Councilmember Allen,

At a properly noticed regular meeting of Advisory Neighborhood Commission 6B on March 9, 2021, with a quorum present, the Commission voted 10-0-0 to request that you do all possible to preserve planned construction funding for this important but long delayed ANC6B transportation project.

For this project, the FY 2021-2024 DC State Transportation Improvement Plan shows a total budget for FY 2023 of \$11 million of which \$5.7 million is District funding (TIP ID 5957). DDOT currently estimates that the engineering designs for the project will be completed in mid-2021 such that construction could begin in mid-2022 and conclude in 18 months. Thus, the Commission and its constituents are hopeful that the requisite DC funding will be retained in the Mayor's upcoming budget and in the budget as passed by the DC Council.

Please contact Commissioner Kirsten Oldenburg, ANC 6B Transportation Committee Chair at 202-546-8542 or 6B04@anc.dc.gov if you have any questions about this matter or need further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian Ready".

Brian Ready  
Chair, ANC 6B
