

ADVISORY NEIGHBORHOOD COMMISSION 6B  
TRANSPORTATION COMMITTEE MEETING  
Wednesday, July 2, 2025  
Report

**1. Discussion of L St SE**

- L St SE is a pseudo-alley that has a number of issues, including illegal parking, frequent speeding cars that use it as a cut-through into the neighborhood from Pennsylvania Ave.
- The committee discussed a variety of ideas for how to make L St safer, especially for the children who frequently play there.
- One issue identified is that L St doesn't actually have a digital presence on the DDOT TSI system, so it has not been possible to lodge requests.
- The committee voted to recommend a letter on consent be sent to DDOT requesting safety measures to include speed humps and signage that will improve safety along L st SE. 7-0-0

**2. Other topics:**

- Discussion of parking challenges in SMD 6B01
- Sidewalk repair time discussion (currently 270 days in the 311 portal) and whether or not it will improve under the 2026 budget.
