- I. DDOT Presentation from Transportation Planner Andrew Grinberg - Open NOI (attached) - 8th Street SE Bus Priority Project (Comment Through Feb. 27, 2026)
 - A. DDOT's NOI 26-05-CPD proposes an 8th Street SE Bus Priority Project from East Capitol St to M St SE to improve bus reliability, safety, and curbside management. The project adds 24/7 bus-only lanes on the slowest segments, bus stop bulb-outs and one lengthened stop for articulated buses, corridor-wide curb extensions and daylighting, a short contraflow bike lane on D St SE, a road diet on I St SE, new turn restrictions at D St, and conversion of back-in angled parking to parallel with modest net parking loss (about 3–4.5% depending on time of day), alongside reconfigured loading, short-term “pay-to-park,” and ADA/disabled spaces informed by extensive 2023–2024 outreach. The comment period closes February 27, 2026.
 - B. The Committee voted 10-0-0 to approve a letter of support, pending input from 6B04 Commissioner Gorman, 6B05 Commissioner Pastore and 6B05 Resident Member Safarti. Commissioner Wolanin will author the letter. This letter was not recommended for the consent agenda.

- II. Open NOI (attached) - Safe Routes to School Action Plan for Shirley Chisholm Elementary School (Comment Through March 12, 2026)
