Subject: Comments on Small Cell Guidelines

At a properly noticed regular meeting of Advisory Neighborhood Commission 6B on March 12, 2019, with a quorum present the Commission voted 9-0-0 to inform the Public Space Committee that it has reviewed the "Small Cell Design Guidelines v2" document dated February 1, 2019, and has the following comments:

- The guidelines should specifically include requirements that, when sidewalk repairs are necessary because of the installation of new and/or replacement poles or equipment, the sidewalk be returned to pre-existing conditions and done so within a specific time frame.
- Any old poles that are replaced should be properly recycled, especially those containing lead-based paint.

Please contact Commissioner Kirsten Oldenburg, ANC 6B Transportation Committee Chair at 202-546-8542 or 6B04@anc.dc.gov if you have any questions about this request or need further information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ch Jayaraman".
