2. Captain Crist Incident Update

Captain Chris reported no robberies or carjackings in the last 30 days. However, there was a shooting on Kentucky Avenue where the victim has been uncooperative with detectives. While motor vehicle thefts have plateaued, there is a slight uptick in "smash and grab" thefts from autos, leading police to urge residents not to leave any valuables in cars.

3. Discussion with Commander Dorsey

Commander Dorsey emphasized the critical role of high-quality camera footage (ideally 4K) in identifying suspects through distinctive clothing or tracking their movements. The committee discussed the city's camera reimbursement program and the possibility of updating older cameras.

Members expressed significant frustration with covered or illegal license plates, viewing them as a blatant disregard for the law. There is strong interest in seeing more aggressive enforcement of traffic infractions and better coordination between MPD and the Department of Transportation.

Commander Dorsey noted that MPD is currently below its authorized strength, operating with approximately 3,200 officers compared to the 4,200 authorized in previous years. A \$25,000 signing bonus is currently being offered to aid recruitment.

4. Other Items of Concern & Future Agenda Priorities

The committee nominated Kelly to serve as Vice Chair.

Future meeting goals include reaching out to Metro Transit Police and the Office of the Attorney General regarding civil cases against multiple traffic offenders

The meeting adjourned at 7:45 PM.
